Happy Groundhog Day!

Punxsutawney Phil, the official groundhog for groundhog day has determined that there will be six more weeks of winter!

Groundhog Day is a popular North American tradition observed in the United States and Canada on February 2. It derives from the Pennsylvania Dutch superstition that if a groundhog emerging from its burrow on this day sees its shadow due to clear weather, it will retreat to its den and winter will persist for six more weeks; but if it does not see its shadow because of cloudiness, spring will arrive early.
